

## JOB POSTING

<b>Position Title:</b>	Financial Analyst	<b>Facility:</b>	All
<b>Department:</b>	Finance	<b>Location:</b>	Charlotte, NC/Princeton NJ
<b>Reports to:</b>	Finance Manager	<b>Date:</b>	October 7, 2021

## COMPANY BACKGROUND

Cogentrix provides a complete service offering to those looking to succeed in power plant operations and investments, including outstanding technical, commercial, and financial capabilities. For more than 35 years, we have stood out for our ability to execute acquisitions, financing, operations and asset improvements. Cogentrix has been directly involved in the development, ownership, operations and management of coal-fired, natural gas-fired, and solar power assets delivering a combined generating capacity in excess of 10 GW. Through the ownership and operation of these plants, Cogentrix has participated in most of the major power regions in the U.S.

### GENERAL FUNCTION:

The Financial Analyst is responsible for reviewing the financial matters of all plant and related project entities, providing financial perspective and support to the Financial Managers as well as the General Managers, other project/site team members, and other departmental/functional team members throughout the organization. Under functional guidance from their manager, they complete the finance functions, provide stakeholders with projected and reported results, performs short- and long-term financial analyses, and assists in preparation and analyses of budgets and forecasts.

### MAJOR DUTIES AND RESPONSIBILITIES:

- Prepares and analyzes plant and/or corporate budgets, forecasts and cash flows
- Analyzes monthly results, explaining actual to budget variances
- Works closely with project teams to prepare all plant and corporate budget presentations
- Prepares monthly financial reporting for senior management, including drafting of narratives
- Supports project cash planning activities, particularly long-term projections, focusing on liquidity needs and covenant compliance
- Assists in administration of all project-financing documents involving borrowing, debt service and reporting to lenders
- Assists in preparation and analysis of quarterly and year-end reporting provided to internal and external parties
- Responsible for ensuring 5 year plans are completed, analyzing results and assisting in preparation of 5 year plan presentations
- Prepares ad hoc financial analyses, information updates, and reporting as needed

**EDUCATION/EXPERIENCE REQUIRED:**

- Bachelor's degree in Accounting or Finance
- 5 years relevant experience in finance required
- Private equity experience desired
- Excellent technical competence with strong attention to detail
- Excellent written and verbal communication skills
- Ability to work with people across all departments within organization
- Strong organizational skills with ability to manage multiple responsibilities and deadlines at once
- Experience with Hyperion HFM and Planning strongly desired
- Knowledge of accounting principles
- Strong proficiency utilizing modeling tools, presentation software, and Microsoft Excel and PowerPoint

**Qualified candidates should send their resumes to [Careers@coentrix.com](mailto:Careers@coentrix.com).**
